Summer Two in Year 1

English

In literacy this term, we will be looking at the Story 'Goldilocks and Just the One Bear'. Children will:

- Become familiar with key stories, fairy tales and traditional tales
- Retell stories and consider their particular characteristics
- Make inferences on the basis of what is being said and done
- Predict what might happen on the basis of what has been read so far.

We are reading...

For our writing outcome this term, the children will be retelling a traditional story (Goldilocks and the Three Bears) by changing the setting and characters.

Maths

In maths this term, the children will be learning about place value and measurement. They will:

- Extend knowledge of place value and begin working with numbers up to 100
- Learn to recognise and count using coins
- Learn about time from months of the year to minutes.

Science

In science this term, the children will be learning about everyday materials. Children will learn to:

- Distinguish between an object and the material from which it is made
- Identify and name a variety of everyday materials including wood, plastic, glass, metal, water and rock
- Describe the simple properties of a variety of everyday materials
- Compare and group together a variety of everyday materials

Art

In art this term, we will be learning about weaving. Children will:

- Examine how art can be made in different ways
- Practise cutting and measuring components
- Learn about the weaving process
- Create their own woven artwork.

RE

In RE this term, we will be learning about why the Qur'an is important to Muslims. Students will:

- Explore why the Qur'an matters to Muslims
- Learn from stories in the Qur'an
- Discover how Muslims show respect for their holy book
- Find out about the Night of Power.

DT

This term, students will be looking at structures and creating windmills. They will:

- Identify some features that would appeal to the client (a mouse) and create a suitable design
- Make stable structures, which will eventually support the turbine, out of card, tape and glue
- Make functioning turbines and axles that are assembled into the main supporting structure
- Say what is good about their windmill and what they could do better.

Music

In music this term, students will be focussing on making vocal and body sounds. They will:

- Create movements that match the music, explaining why they are moving in that way
- Identify descriptive sounds within the music
- Recreate and then adapt descriptive sounds heard using their voice or body.

School Trip

During this half term, we will be visiting Willow Farm for our school trip. The children will get to continue their learning in Science and PSHE by exploring the farm and meeting some of the animals.

Computing

In computing, students will take on the role of publishers and will:

- Plan and create an ebook about things they enjoy or have achieved
- Select and add appropriate images
- Record audio commentary
- Practise typing.

PE

In PE this half term, pupil will:

- Develop their understanding of defending and attacking for striking an fielding games
- Use and develop skills such as throwing and catching
- Learn how to score points
- Learn how to play the rules and use simple tactics
- Show respect towards others when playing competitively.
